We take pleasure in offering this Herb List to our old friends and hope that it may help those of you, who will become our new friends, to a greater enjoyment of herbs actually growing in your own gardens.

Those of you who's special interest is wild flowers and spring bulbs will enjoy our naturalized plantings at their height about the first week in May.

Our collection of over 70 varieties of crab apples is a wonderful sight in the middle of May and the 140 kinds of French hybrid Lilacs come to perfection at the end of the same month.

All through June the flowering walls, iris, perennial borders and nursery are full of color—in fact, each season has its own particular beauty and interest and we hope we may see you often at Village Hill.

Success to your gardening efforts!

INFORMATION FOR OUR CUSTOMERS

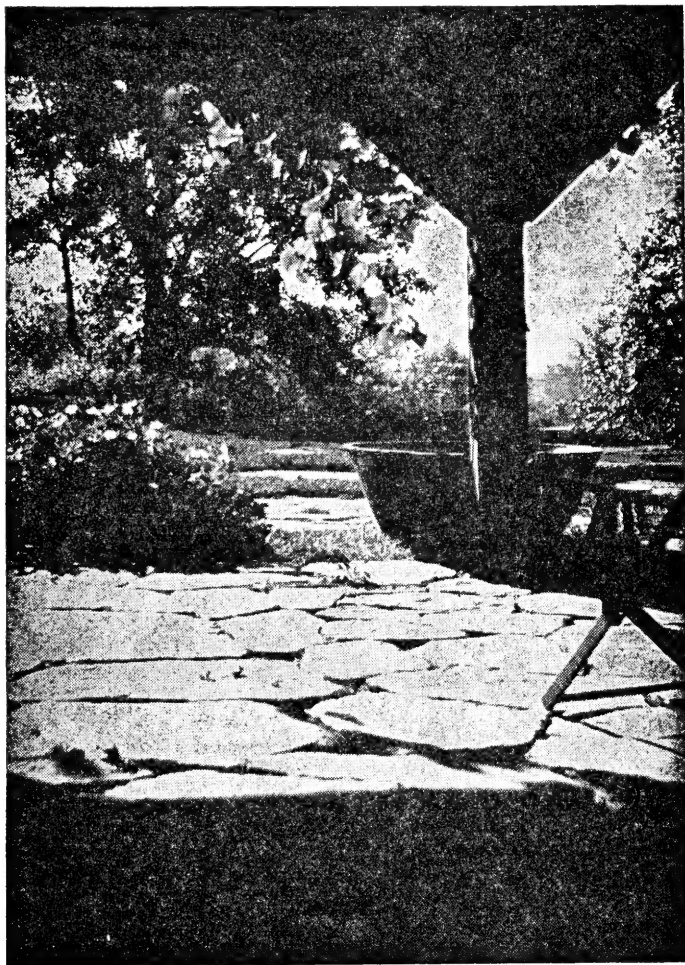

Williamsburg is situated eight miles from Northampton on the Berkshire Trail, Route 9. The nursery is reached by crossing the cement bridge by the library in the centre of town, turning left and proceeding straight to the top of Village Hill.

We aim to furnish only healthy, vigorous plants correctly named to the best of our knowledge. We can not assume responsibility for damage to plants in transit or for customers subsequent failures with plants due to weather, adverse soil conditions or improper handling. We gladly rectify mistakes for which we are responsible, if errors are reported within 10 days of receipt of plants.

We do a strictly retail cash business and bills are due when presented.

If you wish your order sent we strongly urge special delivery Parcel Post. We do not pay postage and there is a small charge for packing.

No orders shipped for less than \$1.00.

Rain on your Herbs and Flowers
that truly serve,
And let your weeds lack dew and duly sterve.
—Old Song
